Read about Annie

Hello! My name is Annie and I'm twelve years old. I'm from Australia, but I live in London, England, with my parents and my sister, Johanna. London is a very big and beautiful city. I love living there.

My sister Johanna is younger than me, she is seven years old. Sometimes she is very naughty but she is a good sister and I love her. Every day she gets up at seven o'clock and after breakfast, my dad takes her to school by car. On Tuesday she has Biology lessons, it's her favourite subject. At 12 p.m. she has lunch at school, and she has Italian lessons after that. She likes Italian, but she thinks it's very difficult. Johanna has many friends at school. They live near our house and sometimes she plays with them.

I go to a different school, and my routine is different. I get up at eight o'clock and I have breakfast. Then, I have a shower and at 9 a.m. I take the bus to school. I love going to school, but the day I most like is Monday because I have my favourite subjects, English and Music. I like music a lot! I practise playing the guitar every day. History is very interesting, but for me it's difficult to remember all the names and dates! I get home at about 2 p.m. and then I do homework. After that, I relax!
